

CharBuffer::EnsureSize

```
graph LR; A[CharBuffer::EnsureSize] --> B[MemCopy]
```

A diagram showing a call from the `CharBuffer::EnsureSize` method to the `MemCopy` function. The `CharBuffer::EnsureSize` node is a gray rectangle on the left, and the `MemCopy` node is a white rectangle on the right. A blue arrow points from the right side of the `CharBuffer::EnsureSize` node to the left side of the `MemCopy` node.

MemCopy
